I am pleased to be able to submit the Eastbourne LDF:Core Strategy and Town Centre Area Action Plan for Examination in Public.

Also enclosed are separate 'schedule of proposed changes' following the consultation on the Proposed Submission versions of both documents.

Other related background documentation has also been included for your reference. These will also be available on a CD as well as the Council's website and sent you directly in the next day or so.

Please do not hesitate to contact me if you need any further clarification on any of these matters relating to the Core Strategy.
