

Portfolio responsibilities

We work hard to ensure that the Borough remains a clean and beautiful place to live, work and visit.

We know one of the most important services we provide to all our residents is recycling and waste collection. Our aim is to continually improve the amount of recycling being undertaken by local households. Our residents' quality of life is also enhanced by the range of the beautiful parks and open spaces which the council maintains. It is my responsibility to ensure these important environmental services continue to be delivered to a high standard.

Key Priorities and Projects

- Deliver a range of improvements and initiatives in Eastbourne Park
- Improve the main entrances into Hampden Park
- Build a skate park in Shinewater Park
- Upgrade and improve signage in our parks and open spaces
- Improve the play areas in Helen Gardens and Chiltern Close
- Ensure quality waste, recycling and street and breach cleansing services
