Prayers at Council Meetings

Ref: FOI / 6756

Information Request

Do your council meetings begin with a prayer, whether formally and on the minutes of the meeting, or informally before the meeting has officially begun?

If they do, to what religion do the prayers adhere to?

Response by Lewes District Council

Lewes District Council can confirm that meetings do not generally begin with prayer although at the full council meeting an option is given at the start for silent prayer or other reflection.
