

Date Provided: 3 July 2018

Business improvement districts

Ref: FOI / 7140

Information Request

I am interested in monies spent hiring consultants to write a business plan and carry out a ballot as well as funds spent on any feasibility studies which may have not, or not yet, resulted in a business improvement district being established.

Response by Lewes District Council

Lewes District Council can confirm that no monies have been spent in respect of establishing Business Improvement Districts.
