- *Do you subcontract enforcement and issuing of Fixed Penalty Notices (FPNs) for litter offences? If so, who do you subcontract to, and when did this contract start? – **No***
- *Do you have any statistics – other than Fixed Penalty Notices (FPNs) - that measure the amount of litter in your LA area? If not, how do you decide where litter is a problem*

No. The only way we react to litter is via reports from the members of the public and we use the number of reports as indicating ‘hot spots’ and react by allocating resources to that area. There is not a large litter problem within in Lewes District but we will react to a larger number of reports.
