Housing Waiting List

Ref: FOI / 7021

Information Request and Response by Lewes District Council

Please could you tell me how long I should be expect to wait for a 4 bedroom property to become available .

In 2018 there have been two 4 bedroom properties that have become void to date. The households had been waiting for over 2 years for a 4 bed property.

In 2017 there were three 4 bedroom properties that became void. The households had been waiting for 3 years.

On average for a 4 bedroom property the wait is between 2 and 3 years subject to one of our 4 bedroom properties becoming void. Lewes District Council only has sixty-three 4 bedroom units in total.

Also how many people on Band A are also waiting for a 4 bed properties? 8
