Waste Collection Routes

Ref: FOI / 7593

Information Request

I would like to request the current full detailed timetables for your Rubbish Lorries and Recycling Lorries showing the routes that they take and which days and times they will be on each road and each location. So basically something like a bus timetable but for your Rubbish Lorries and Recycling Lorries instead

Response by Lewes District Council

Lewes District Council does not have a timetable 'like the bus service' for refuse lorries.

There are round sheets listing the day's work for each crew including areas of concern (schools etc.) and the assisted collection information.

Routes are indicated by the round sheet but the driver has discretion as to how the round is completed allowing for issues affecting the route, such as closed roads, traffic congestion etc.
