

Date Provided: 19 September 2018

Lewes Battlefield

Ref: FOI / 7652

Information Request

The Lewes District Council 2003 Local Plan and the SDNP/LDC Joint Plan both include policy LW9 relating to the site of Lewes Battlefield. Both plans include a Proposals Map which very clear shows the limits of the land covered by this policy. I would like to be provided with copies of all available documents (including minutes of meetings and notes of discussions) which relate to how this policy was formulated and in particular how the land covered by the policy was determined.

Policy LW9 has now been carried over into the South Down National Park Local Plan. I would also like copies of all documents (minutes, correspondence etc.) relating to the carryover of this policy from LDC to SDNP. (Note these may include discussions with Historic England)

Response by Lewes District Council

Lewes District Council has only one document relating to this issue and it is dated from 1995; I attach it for your attention.

We are not aware of any correspondence with the Park on this issue.

It should be noted that the Policy LW9 has not been carried forward into the South Downs Local Plan. It is listed as a *superseded* policy in Appendix 2 of the Pre-Submission Plan.
