

Lewes District Council Voluntary Sector Grants Policy

Introduction

The Council recognises and highly values the significant contributions that the community and voluntary sector play in delivering services to our residents. Partnership working is a key priority for Lewes District, and the Council is committed to working with voluntary and community organisations through the giving of community grants. This helps support a thriving voluntary sector in Lewes District. In addition, the giving of funding to such groups can also provide a cost effective way of delivering the Council's objectives.

Policy

- 1) The Council's policy is to offer grant funding to a small number of organisations which provide essential services to our residents, particularly those experiencing hardship or disadvantage, or which play a key role providing infrastructure services to enable and support a thriving community and voluntary sector in the District.
- 2) The Council only offers grants to organisations which are well embedded in the Lewes District and are able to deliver services which build on strong links with local communities.
- 3) Organisations funded must be fully inclusive, and in a position to deliver services across the whole geographical area.
- 4) Grants will only be given to organisations which have a need for grant funding; which have sound governance arrangements and financial management; which can demonstrate good value for money and a significant use of volunteers in the delivery of their services; and which have clear policies on safeguarding where appropriate and on equality and inclusion covering service users, volunteers and staff and encompassing, as a minimum, all those groups protected under the Equality Act 2010.
- 5) Given current constraints on all Council budgets, the Council will not make any allowance for inflation.
