Groundskeepers

Ref: FOI / 8715

Information Request and Response by Lewes District Council

I would like to know how many Groundskeepers the council currently directly employs to maintain sports pitches in its area?

None

If you do not directly employ any groundskeepers, could you provide some information about how this service is provided (presumably via outsourced contractor) and if possible what the cost of the contract to provide this service is annually?

**Outsourced to Burleys
Estimated at £105,000 per annum**
