## Tree Preservation Orders

Ref: EFOI / 8825

---

### Information Request and Response by Eastbourne Borough Council

*Please provide details of the council website which shows Tree Preservation Order details.*

Eastbourne Borough Council does not hold Tree Preservation Order details online and they do not appear on our web site.

The council does not have a published list (as yet), but any enquiries about a specific Order or an address where an extant Tree Preservation Order might exist will be responded to accordingly.

Anyone wishing to enquire about the planning status of trees (which includes TPOs) should provide an accurate address and/or location for the site, and where appropriate an indication where the trees of interest might be positioned. We will then try to respond within 24 working hours with a clear answer.
