

Portfolio responsibilities

Tackling Climate Change is one of the most important issues for the council, for the borough, as

well as globally. My responsibilities are to drive forward this agenda, ensuring we have a robust plan for delivering a zero carbon town by 2030. I will then work to ensure that plan is delivered at pace and with a high priority.

To do this, I will engage with partners both locally and regionally to ensure we are doing everything we can to reduce our carbon emissions and to transition to new ways of delivering our services that can take us towards becoming carbon neutral.

Key Priorities and Projects

- Support the establishment of the Eastbourne Carbon Neutral 2030 partnership
- Develop a Climate Change Strategy for the council
- Oversee projects to reduce reliance on fossil fuels across council services.

Representing the Council

I am the Council's representative on:

- South East Environmental Services Board
- Energy Champion
- Neighbourhood Panels
- Carbon Reduction Board
- Local Plan Steering Group

Key strategies and plans

- Climate Change Strategy
- Sustainability Policy
- Eastbourne Park Initiatives
- Princes Park development plan
- Pollinator strategy
