

Portfolio

responsibilities

My portfolio is focused on the council's place services (particularly waste and parks) along with support and strategic services

which underpin the council's ability to deliver for the local community.

I look to ensure our place and other services perform at a consistent level to meet our communities' needs and that we maintain a clear view about our strategic objectives and priorities.

I also ensure that our support services, such as human resources, legal, IT and Property are efficiently and effectively run and support the councils' aims and objectives.

I will take responsibility for progressing and overseeing one-off special projects as needed.

I also have responsibility within the Cabinet for championing youth issues.

Key Priorities and Projects

- Ensure quality waste, recycling and street and beach cleansing services
- Deliver a range of improvements and initiatives in Eastbourne Park
- Explore the opportunities for the council to invest in a micro-brewery
- Oversee corporate performance management to ensure all projects and priorities are delivered within allocated resources and meeting performance targets
- Continue developing a range of self-service options for customers and a strong approach to customer satisfaction
- Ensure the council's IT services enable the effective services and there is a strong data transparency and data retention framework.

Representing the Council

I am the Council's representative on:

- Neighbourhood Panels
- Management Board
- Sussex Downs College
- Towner Charitable Trust

- Hampden Park Community Centre Management Committee
- East Sussex Waste Partnership
